

I wonder what changes? The Seasons

Understanding the World (Geography & Science Focus)

Key Vocabulary	
Season	One of the four parts of the year; spring, summer, autumn and winter.
Autumn	The season of the year between summer and winter
Spring	A season of the year between winter and summer.
Summer	The warmest season of the year, falling between spring and autumn.
Weather	The conditions outside at a particular place and time. Sunshine, clouds and rain are some of the changing conditions that make up the weather.

Key Skills

Understand the effect of changing seasons on the natural world around them.

Describe what they see, hear, and feel whilst outside.

Sticky Knowledge

The weather changes at different times in the year.

The four seasons are winter, spring, summer and autumn.

Spring is the season of new life.

It is coldest in the winter and warm in summer.

We can see different plants and animals in the different seasons

Resources

Photos of natural changes in the environment.

Natural objects collected from local walks.

Observations of change on our local walks.
